

GLOSTER LIMITED

INTERGRATED MANAGEMENT SYSTEM POLICY

We, Gloster Limited resolve to adhere to all National/International Standards in all matters concerning Quality, Environment, Occupational Health and Safety for Manufacturing and Supply of Jute Products (Conventional & Diversified).

In order to attain this, we would strive

- To enhance customer satisfaction by providing timely supply of products as per specified quality requirements.
- To comply with national legislation (i.e. legal, statutory & regulatory requirements)
- To continually improve the effectiveness of established management systems.
- To make earnest endeavors for prevention of pollution, injury & ill health.
- To make optimum use of existing energy consumption and to emphasise on Conservation of energy.
- To review the IMS Policy periodically for adequacy and continuing suitability relating to the requirements of established management systems.

We would achieve these objectives by communicating/working in close cooperation with all customers and stakeholders/interested parties and by adopting appropriate management systems, motivating and ensuring active participation of all employees.
